3. MY CHESS BIO

I started playing chess since I was 6 at state of Moldova, former Soviet Union. Until grade 6 i was studying in chess school after regular school under Russian master Leonid Shusterman. once my strength rose to candidate master in chess (FIDE 2000) i had moved to study under grandmasters Polugaevsky and Dvoretzky. At 16 i had won men's Moldova championship and have been selected to play for Moldova's chess team Spartakiad at Zelenograd.

Since immigrating to US i had played at US Open, and numerous competitions at IBM and Boylston chess clubs. You can see me sometimes playing blitz with masters at Harvard Sq in Cambridge. I don't play actively at tournaments anymore but i do enjoy teaching chess to kids.
